Hey Valois, I set up a meeting to talk with Bill about next steps at 2. I want to get his impression of things that need to be done and timing before meeting with NRC. He'll have a better sense of when we'll be able to get on the div director's and office director's schedule for a briefing. I think we'll have to coordinate with Lucita, Leslie, and Sue Stahle about what they need to do before the NRC briefing. I assume ORC/OGC will have to brief up their mgt as well.

I assume that the document would be ready for final permit decision issuance after we conclude

Ex. 5 Deliberative Process (DP)

I'll try to catch you around 3 pm eastern.

Thanks!
Jill

Hi Jill,
I realized I sent the previous email a little late in the day. I didn't realize how late it was since I was having so much fun catching up on my first day back to work!

If you have time to talk Thursday, that would be great. I have been asked to provide a date when I will have all the Dewey-Burdock documents ready to issue a final permit decision, so it would be helpful to talk about what you think we will need to do before we are ready to talk with the NRC. Those activities will figure into the timeline.

Thanks!
